

INTENSIVE COURSE ON
**GEODIVERSITY AND GEOLOGICAL
HERITAGE ASSESSMENT**

Braga (Portugal), 9-13 September 2009

PROGRAMME

PARTICIPANTS

NAME	INSTITUTION	NATIONALITY	E-MAIL
Alireza Amrikazemi	Geological Survey of Iran	Iran	aamrikazemi@gssi.ir
Ana Marija Tomsa	ProGEO Croatia	Croatia	udruga@progeo-croatia.hr
Ângelo Cumbe	National Museum of Geology	Mozambique	angelocumbe@yahoo.com.br
Bahram Nekouie-Sadry	Geotourism research freelancer	Iran	bahram_ns288@yahoo.com
Bojan Erhartic	Anton Melik Geog. Institute	Slovenia	bojaner@zrc-sazu.si
Catarina Loureiro	University of Minho	Portugal	caloureiro@gmail.com
Enrico Zanoletti	GeoExplora – Geologia & Outdoor	Italy	enrico.zanoletti@geologipiemonte.it
Eva Lima	University of Azores	Portugal	evalima@uac.pt
Ewa Welc	Univ. of Sc. Tech. Krakow	Poland	ewa.welc@agh.edu.pt
Irene Bollati	University of Milan	Italy	irene.bollati@unimi.it
Isabel Castro	Valongo Secondary School	Portugal	icssilva@iol.pt
João Rocha	University of Minho	Portugal	joaoorochafossil@gmail.com
José Marden Barreto	Federal University of Bahia	Brazil	marden.barreto@globo.com
Katarzyna Kozina	University of Wrocław	Poland	kozina@geom.uni.wroc.pl
Krysztof Gaidzik	University of Silesia	Poland	k.gaidzik@gmail.com
Lia Mergulhão	University of Minho	Portugal	liaisico@gmail.com
Luca Ghiraldi	Torino Natural Science Museum	Italy	luca.ghiraldi@gmail.com
Madalena Torres	University of Minho	Portugal	madalmouta@hotmail.com
Maria Eugénia Lopes	Polytechnic Institute of Porto	Portugal	mel@isep.ipp.pt
Mónica Sousa	University of Porto	Portugal	monica.sousa@fc.up.pt
Natália Braga	University of Minho	Portugal	nataliabeleza6@gmail.com
Nélson Dias	University of Minho	Portugal	dias.nm@gmail.com
Pedro Casinhas	University of Minho	Portugal	pmcasinhas@gmail.com
Rafaella Guimarães	University of Minho	Brazil	rafaellaguimaraes@gmail.com
Raquel Regala	University of Lisbon	Portugal	turmalina2@gmail.com
Ricardo Fraga Pereira	University of Minho	Brazil	terraquattro@yahoo.com.br
Sara Canilho	University of Coimbra	Portugal	sara.canilho@gmail.com
Sara Pereira	Polytechnic Institute of Porto	Portugal	florpereira.8@gmail.com
Simon Bajada	University of Malta	Malta	simon.bajada@um.edu.mt
Simon Martin	University of Lausanne	Switzerland	simon.martin@unil.ch
Virgílio Mantesso-Neto	Private consultant	Brazil	virginio@uol.com.br

STAFF

NAME	INSTITUTION	NATIONALITY	E-MAIL
José Brilha (<i>chair</i>)	University of Minho	Portugal	jbrilha@dct.uminho.pt
Diamantino Pereira	University of Minho	Portugal	insuad@dct.uminho.pt
Emmanuel Reynard	University of Lausanne	Switzerland	emmanuel.reynard@unil.ch
Luis Carcavilla Urqui	Spanish Geological Survey	Spain	l.carcavilla@igme.es
Nickolas Zouros	University of the Aegean	Greece	nzour@aegean.gr
Paulo Pereira	University of Minho	Portugal	paolo@dct.uminho.pt

GENERAL PROGRAMME

wed 09	thu 10	fri 11	sat 12	sun 13
07 H				
08				
09 Reception of participants				
10 Welcome session	Session A4 <i>coffee-break</i>	Session C2 (Fieldwork)	Session C3 <i>coffee-break</i>	Fieldtrip
11	Session A5		Session C4	
12 Session A1	lunch		lunch	
13				
14 lunch	Session B1 <i>coffee-break</i>			
15 Session A2	Session B2		Session B3 <i>coffee-break</i>	
16			Session B4	
17 coffee-break	Session C1 dinner	dinner	Closure session dinner	
18 Session A3				
19				
20 Welcome party				
21				
22				

A

Lessons

B

Workshop "New researchers on Geoconservation"

C

Workshop "Geosites assessment in Peneda-Gerês National Park"

D

Fieldtrip "From Arouca Geopark to Naturtejo Geopark"

DETAILED PROGRAMME

WEDNESDAY 09 SEPTEMBER

08.30-09.30 h – Reception of participants (School of Sciences Amphitheatre)

09.30-11.00 h – Welcome Session (organizational issues, schedule, aims and expected results)

11.00-13.00 h – Session A1 (Lessons)

11.00-12.00 h – General concepts on geodiversity and geological heritage (José Brilha)

12.00-13.00 h – Different approaches for the study of geodiversity (Luis Carcavilla Urqui)

13.00-14.30 h – Lunch

14.30-16.30 h – Session A2 (Lessons)

14.30-15.30 h – Development of a methodology for geodiversity assessment (Diamantino Pereira)

15.30-16.30 h – Stages and criteria for qualitative and quantitative assessment of geosites (Paulo Pereira)

16.30-17.00 h – Coffee-break

17.00-19.00 h – Session A3 (Lessons)

17.00-18.00 h – Geomorphosite assessment and management in protected areas of Greece. The case of the Lesvos island – coastal geomorphosites (Nickolas Zouros)

18.00-19.00 h – Geoconservation and geological heritage inventory in Portugal (José Brilha)

19.30-22.00 h – Welcome party (University restaurant)

THURSDAY 10 SEPTEMBER

09.00-10.45 h – Session A4 (Lessons)

09.00-10.00 h – Specific issues for geomorphosite assessment (Emmanuel Reynard)

10.00-10.45 h – The Spanish Global Geosites Project and its influence on recent legislation for the conservation of natural heritage (Luis Carcavilla Urqui)

10.45-11.15 h – Coffee-break

11.15-13.00 h – Session A5 (Lessons)

11.15-12.00 h – Swiss inventories of geosites (Emmanuel Reynard)

12.00-13.00 h – Global Geoparks Network and European Geoparks Network: Towards a global strategy for Earth heritage protection, geoconservation and sustainable local development (Nickolas Zouros)

13.00-14.30 h – Lunch

14.30-16.30 h. – Session B1 (Workshop “*New Researchers on Geoconservation*”)

Conveners: E. Reynard & L. Carcavilla Urqui

14.30-14.45 h – Geomorphological sites as world and national heritage (Katarzyna Kozina)

14.45-15.00 h – Geological heritage assessment in Chapada Diamantina (Northeastern Brazil) as a support for the creation of geoparks (Ricardo Fraga Pereira)

15.00-15.15 h – The geological heritage of Mozambique: methodology of inventory, characterization and assessment (Angelo Cumbe)

15.15-15.30 h – The cultural value of geological heritage: contribution for the national inventory of geosites in Portugal (Natália Braga)

15.30-15.45 h – Inventory, characterization and quantification of the geological heritage at Vale do Côa Archaeological Park (Madalena Torres)

15.45-16.00 h – Investigations of dynamicity and possible evolutions of active geomorphosites through dendrochronology and sedimentology techniques; its didactic applications (Irene Bollati)

16.00-16.15 h – Geomorphology and river network of the Portuguese Iberian Massif: contribution for the national inventory of geosites in Portugal (Pedro Casinhas)

16.15-16.30 h – Discussion

16.30-17.00 h. – Coffee-break

17.00-19.00 h. – Session B2 (Workshop “*New Researchers on Geoconservation*”)

Conveners: N. Zouros & D. Pereira

17.00-17.15 h – Small ethnic architecture as the potential for development of geotourism in the Polish Eastern Carpathians (Beskid Niski Mts, Bieszczady Mts.) (Ewa Welc)

17.15-17.30 h – Nomination of suitable area for Geopark and Geotourism development In Jolfa and Varzeghan regions In Iran (Bahram Nekouie-Sadry)

17.30-17.45 h – Douro River’s region potential after the Portuguese geological heritage’s inventory (Nelson Dias)

17.45-18.00 h – Quadrilátero Ferrífero, SE Brazil: general information about a potential geopark (Virgílio Mantesso-Neto)

18.00-18.15 h – Assessment of most vulnerable geosites in the Geopark Rab Island and methods of protection and presentation (Ana Marija Tomsa)

18.15-18.30 h – Geotourism potentials of the region of Rio de Contas, in Bahia, Brazil (José Marden Barreto)

18.30-18.45 h – Geodiversity and its educational value - study cases in European context (Isabel Castro)

18.45-19.00 h – Discussion

19.00-19.45 h. – Session C1 (Workshop “*Geosites assessment in Peneda-Gerês National Park*”)

Global overview on Peneda-Gerês National Park geology and geomorphology and fieldwork preparation.

19.45-20.30 h – Dinner

FRIDAY 11 SEPTEMBER

08.30-19.30 h – Session C2 (Workshop “*Geosites assessment in Peneda-Gerês National Park*”)

Fieldwork in Peneda-Gerês National Park

19.45-20.30 h – Dinner

SATURDAY 12 SEPTEMBER

09.00-10.30 h – Session C3 (Workshop “*Geosites assessment in Peneda-Gerês National Park*”)

Results of the fieldwork: group discussions and preparation of the presentations

10.30-11.00 h – Coffee-break

11.00-13.00 h – Session C4 (Workshop “*Geosites assessment in Peneda-Gerês National Park*”)

Presentations and discussion (Conveners: José Brilha, Diamantino Pereira & Paulo Pereira)

13.00-14.30 h – Lunch

14.30-16.30 h – Session B3 (Workshop “*New Researchers on Geoconservation*”)

Conveners: J. Brilha & D. Pereira

14.30-14.45 h – Geodiversity: definition, examples, threats and human perception (Bojan Erhartic)

14.45-15.00 h – The southern contact zone of the Karkonosze granitoid massif in the area of Karpacz and its geoeducational aspects (Krysztof Gaidzik)

15.00-15.15 h – Organization of Geological Phenomena and the Geosites in Iran (Alireza Amrikazemi)

15.15-15.30 h – Geoconservation in the Azores archipelago, Portugal (Eva Lima)

15.30-15.45 h – Building awareness for geoconservation: the Foz do Douro Metamorphic Complex (FDMC) case study (Mónica Sousa)

15.45-16.00 h – Geoconservation in the Maltese Archipelago: personal experiences (Simon Bajada)

16.00-16.15 h – Geoconversion of mining heritage: an example of the ancient Aveleiras wolfram mine – Portugal (Maria Eugénia Lopes)

16.15-16.30 h – Discussion

16.30-17.00 h – Coffee-break

17.00-19.00 h – Session B4 (Workshop “*New Researchers on Geoconservation*”)

Conveners: J. Brilha & P. Pereira

17.00-17.15 h – Geomorphologic heritage: specificities and visualisation (Simon Martin)

17.15-17.30 h – Geosites: new results from research and conservation activities in the Piemonte Region (Italy) (Luca Ghiraldi)

17.30-17.45 h – Proposals for the valorisation of the Portas do Ródão Geomonument and other sites of geological interest in the Vila Velha de Ródão municipality (Sara Canilho)

- 17.45-18.00 h – The case of ancient Aveleiras wolfram mine (Mire de Tibães): Interdisciplinary methodologies in geological studies of geoconservation and mining heritage (Sara Pereira)
- 18.00-18.15 h – SITINET – Census, networking and development of geological and archaeological sites (Enrico Zanoletti)
- 18.15-18.30 h – Cape Mondego geosites – definition of a Geoconservation strategy and a Local Development Plan (João Rocha)
- 18.30-18.45 h – Discussion
- 19.00-19.45 h – Closure Session
- 19.45-20.30 h – Dinner

SUNDAY 13 SEPTEMBER

07.00-20.00 h – Fieldtrip “From Arouca Geopark to Naturtejo Geopark”

- 07.00 h – Departure from Braga (Lloyd Braga Residency)
- 09.00 h – Arrival at Arouca Geopark (visit the Arouca Museum and the Canelas Interpretative Centre)
- 13.00 h – Lunch
- 14.30 h – Mizarela waterfall and Pedras Parideiras geosites.
- 16.00 h – Departure to Naturtejo Geopark
- 20.00 h – Arrival at Idanha-a-Nova (Naturtejo Geopark)

The course ends on Sunday 13th September 2009 with the arrival at Idanha-a-Nova. Dinner and accommodation are not covered by the course fees.
